

**ADDITIONAL SESSIONS
ADDED DUE TO
POPULAR DEMAND!**

THE HPDC SUMMER READING PROGRAM

Statistics show that every year, *all young readers lose as much as two or more reading levels during the summer*. Because we know that this can be an issue of great concern for both our parents and campers, Hidden Pond Day Camp is proud to continue our Summer Reading Program.

Program includes: (Individual tuition is \$55 per child).

- Offered to children of all ages and reading levels
- Science of Reading (Children K-2)
- Complete all summer reading requirements/projects
- Read interesting books on their individual reading level
- Receive targeted reading assistance as necessary

Whether your child is an advanced reader or one who struggles a bit to stay on grade level, our engaging program and activities will help them stay on target for September. Based on demand, parents can choose one or more 1-hour sessions per week. Available time slots are before camp from 8:00-9:00 AM, and after camp at 3:30-4:30 PM, or 4:45-5:45 PM.

Tuition is \$55 per hour, per child. If your child does not attend a full 8 weeks of camp, they can still participate in the Reading Program during the weeks that they are not enrolled.

If you would like more information about this program or to enroll, please email Faith at hpdcreading@gmail.com. She will be happy to answer all your questions and schedule your child in the program. If you are interested, please enroll ASAP as there are limited time slots available for each teacher. Please include your child's name, their grade for upcoming September, the weeks of camp they will be attending, the current reading level if known, and any issues your child may have at this time.

We look forward to working with your child!
