ear Old Brograge

Our 2 year old program is designed to introduce your child to their first preschool experience. Our experienced staff will ease the separation for both you and your child. The children are introduced into an exciting new world, with many opportunities for exploration and interaction. Social and developmental skills are initiated through various activities. The children begin to learn and enjoy various gross motor activities as well as music/movement. This program is designed to allow each child to adjust to their new surroundings comfortably.
